Portal Dashboard

## FLEET LIST

View vessel and premium details for your fleet currently entered.

## DOCUMENTS

Search and download your documentation issued by Britannia. Documents issued since the 2021 policy year are available for download.

- Certificates of Entry/Endorsements
- Trading Certificates
- Capital Distribution Credit Notes
- Claims Credit/Debit Notes
- Underwriting Credit/Debit Notes
- Statements of Account.

## MEMBER RECORD

Download an up-to-date copy of your net Calls and Claims Record in PDF or Excel format.

All claims data on the Portal is updated at close of business each day and can be downloaded on demand at any time.

## PORTINTEL

Britannia PortIntel offers a sophisticated map orientated database of information on ports security and cargo.

- Powered by Geollect – a UK leader in geospatial intelligence technologies
- Interactive – build a map tailored to your needs by creating areas of interest and adjusting data layers on sanctions, security, ports, cargo and live weather conditions
- Responsive – mobile, tablet and PC
- Insight – Technical Guidance from Britannia's Loss Prevention Department on cargoes.

## CLAIMS LIST

Access your claims with Britannia and export your data into an Excel spreadsheet to assist with analysis.

Filter by cover, policy year, incident status and/or claim value to export the data you need. Claims data is available from the 2000 policy year onwards.

## CLAIMS CHARTS

View your claims history in a series of insightful claims charts.

Filter by ship type or incident type to efficiently identify claims trends.

Download your claims charts into a visually engaging presentation.
